IBA Annual Litigation Forum – The world has lost its compass: we need to talk about litigators!

We are pleased to attend the IBA Annual Litigation Forum in Madrid, a key global event for the international litigation community. Partners Marc KLEYR and Emilie Waty will represent the firm and take part in discussions on cross-border disputes, complex litigation and evolving market practices.

We are proud to sponsor the **Conference Dinner on Thursday, 16 April at the Casino de Madrid**, creating an opportunity for meaningful dialogue within the international litigation community.
